MY PETS

My two pets are Kitty (CAT) and Bloinde (DOG). The first one I'm going to talk about is Bloinde. Now Bloinde doesn't have lots of adventures because we got her when school was out. But it's okay. So now we begin. One day I asked my dad if I could play with Brandon. We went in the basement. We played until it was 6 o'clock. I pedled home I opened the door and Angie was watching T.V. She told me that mom was sleeping and told me that we had puppy in the grage. I was excitd!! But mom was sleeping downstairs, and the grage door was closed so I waited until 7'oclock. When mom was up I ran downstairs and opened the grage door and there she was sitting right at the door. We wanted a dog because we never had one in our whole life, just cats, cats, cats. How wonderful to have a dog that is so cute and funny. It even chases Kitty but Kitty scares her. It was Angie's because a person asked her if she wanted a dog. Its just like Tina. She wanted a dog so much that

she wanted the dog with a white
nose. But this dog was all covered with
white. It looks like snow. Now lets
talk about Kitty. Shes very calm and
cute but I don't know about her. But she
keeps me company.
